BARKSDALE AIR FORCE BASE

Constructed on 22,000 acres of cotton fields in the 1930s, Barksdale Air Force Base has grown into one of the United States Air Force's premier installations.

As the host unit, the 2d Bomb Wing (2 BW) delivers devastating combat capability through deployable aircraft and personnel capable of executing both nuclear and conventional combat missions, while

maintaining an elite force of expeditionary Airmen in support of combatant commanders around the world. The 2 BW oversees all aircraft maintenance and provides standardized weapons loading and academics training in support of the wing's annual 1,100 sorties and 6,000 flying hours. As the 2 BW celebrates its 50th year at Barksdale, it remains a vital component to United States national security objectives and home to the world's most versatile bomber fleet.

Barksdale also serves as the Headquarters for the Air Force's newest major command, Air Force Global Strike Command, as well as Headquarters Eighth Air Force, and the 307th Bomb Wing. Barksdale has a long and distinguished history of supporting a variety of aircraft which have participated in conflicts around the world. Its pivotal role continues as Barksdale provides a key component of our nation's nuclear deterrent, its conventional combat air power, and its expeditionary readiness.
